

## **Liv'n Nature conditions for a Gift Voucher**

1. The voucher is exchangeable for the workshop of which the name is mentioned on it and has a value as stated on the voucher.
2. The voucher is valid for 5 years from the date of purchase. The issue date and expiration date are listed on the front of the voucher.
3. In case the price of the workshop displayed on the voucher currently exceeds the value displayed on the voucher, the voucher can still be exchanged without extra charge.
4. The voucher is exchangeable for other workshops of Liv'n Nature, of which the current price equals to or is lower than the value indicated on the voucher. The difference between the value on the voucher and the currently valid price of the workshop can in this case not be refunded. If the price of the selected other workshop is now higher, the difference has to be paid extra when exchanging the voucher. Or the workshop overview and current prices, see the Workshop pages on [www.livnnature.nl](http://www.livnnature.nl).
5. The workshop can be followed when it is offered by Liv'n Nature (see Agenda [www.livnnature.nl](http://www.livnnature.nl)). Each type of workshop will be held at least once per calendar year. Should that within one calendar not be the case, then the owner of the voucher may chose a date for that workshop in consultation with Liv'n Nature.
6. Starting at four subscriptions for the same workshop (for example by four owners of a voucher) a workshop can always be requested for another moment, that will be chosen in consultation with Liv'n Nature. For this, the conditions for the custom Workshop apply, please see the Terms and Conditions on [www.livnnature.nl](http://www.livnnature.nl).
7. The voucher is not exchangeable for money.
8. Should for any reason Liv'n Nature stop its activities, then the value of the voucher will be refunded to the person who bought the vouchers, unless the voucher is invalid.
9. The paper version of the gift is meant symbolically: the full names of the owners of the vouchers are registered by Liv'n Nature after purchase. In case of loss, the owner of the voucher therefore is still entitled to following the corresponding workshop if he/she had not yet exchanged the voucher. (This also means that it has no use to commit fraud with the paper version of the voucher.)
10. In addition to these conditions, the Terms and Conditions apply, available on [www.livnnature.nl/terms\\_and\\_conditions.pdf](http://www.livnnature.nl/terms_and_conditions.pdf).
